REPORT
Of

Gadsavardhan Mohim

Under The
Social Activity

Date: 20/02/2026

Department: All Department First Year

Name of event: Gadsavardhan Mahim At Panhala Fort

Venue: Panhala fort

Date: 20th Feb.2026- Gad–Sanvardhan Mohim was organized to create awareness about the protection and conservation of historical forts. The activity encouraged students to participate in social service and heritage preservation.

➤ **Objective**

- To develop awareness about historical and cultural heritage.
- To promote cleanliness and environmental responsibility.
- To encourage students to take part in social activities.
- To protect and preserve historical forts..

➤ **Activity Conducted**

- The group of diploma students visited **Panhala Fort** as part of the Gad–Sanvardhan Mohim..
- A cleanliness drive was conducted in the fort premises.
- Plastic waste and garbage were collected and disposed of properly.
- Awareness was created among visitors about maintaining cleanliness.
- Students removed plastic bottles, wrappers, and other non-biodegradable waste from the fort premises.
- Awareness was spread among visitors about keeping historical places clean.
- Informational discussions were held about the history and importance of the fort.
- Photographs were taken to document the activity and student participation.
- Students also observed the condition of the fort structures and surrounding environment.
- At the end of the activity, collected waste was properly disposed of.

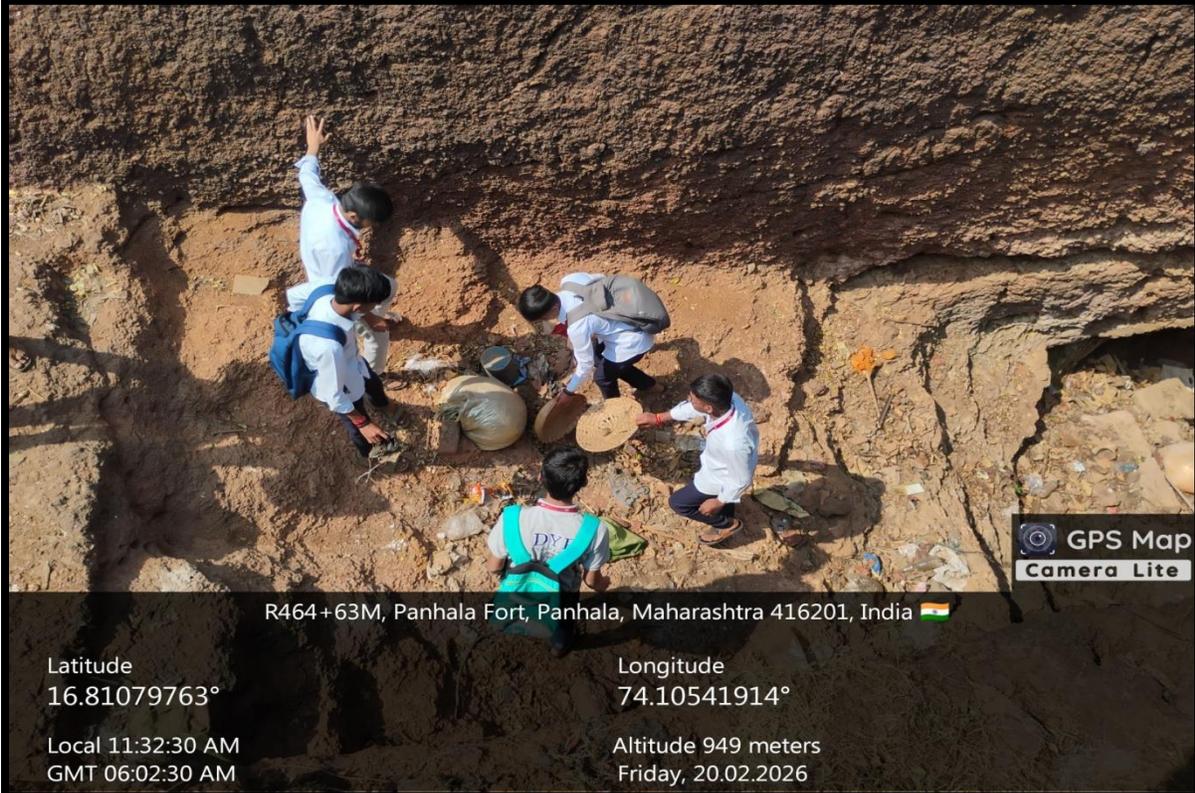

➤ **Student Participation**

- Diploma students actively participated in the campaign.
- Students worked in groups to clean different areas of the fort.
- Faculty members guided and supervised the activity.

➤ **Conclusion**

The Gad–Sanvardhan Mohim conducted at **Panhala Fort, Kolhapur** was a successful social activity. It helped students understand the importance of protecting historical heritage and maintaining environmental cleanliness. Such activities inspire students to actively contribute to society and preserve the cultural heritage of the country.
