INDUSTRIAL VISIT REPORT

On

“Uno Minda Ltd. Lighting Division, Khed”

Academic Year: 2025 – 26

Month: [January 2026]

1. Title of the visit:

Uno Minda Ltd. Lighting Division, Khed, Pune

2. Visit Coordinator:

Mr. V.T. Dige

3. Date of Visit:

10th January 2026 To 11th January 2026

5. Venue:

Khed, Pune

6. Number of Students:

30 Students

8. Objective of the Visit:

Provide practical knowledge and real-world exposure beyond classroom learning, build a connection between theory and practice, offer insights into industry operations and new technologies, and help students understand workplace environments, career paths, and industry challenges.

9. Summary of the Visit:

An Industrial visit is an educational trip to a real-world workplace that provides students with first hand exposure to industry operations, bridges the gap between theoretical knowledge and practical application, allows for interaction with industry professionals, and helps in making informed career choices.

10. Feedback from Visitors:

Feedback for an industrial visit should cover the visit's relevance to the course and practical insights gained, the overall organization and planning, the interaction with industry

professionals, the knowledgeable nature of the industry representatives, and the effectiveness of the learning experience
