

4.2.1 Library as a Learning Resource

Introduction:-

D.Y. Patil Technical Campus Talsande is one of the reputed institutions supporting education in the field of Engineering and Management from 2009. The facilities provided in the institution are meeting the expectations of the academicians in the learning environment. The institution has a good library which caters the needs of the faculty, students and staff in providing the required learning resources at the right time; Support the teaching, research and extension programs of the institution. The Central library occupies 450 Sq.m carpet area with 150+ seating capacity. It is aesthetically designed with natural day lighting, natural ventilation and easy accessibility for various types of disabilities. It has been divided into various sections like reading room, Digital library, reference section, book issue/return section, and periodical section including daily newspapers in various languages. Institute also has a library advisory Committee which advises regarding general library policies, funds, book requirements and upgradation of the same.

For smooth management, the library had been using 'JUNO Software (JUNO_100391)' since 2017, which is a cloud hosted on Microsoft azure. This software is upgraded from time to time against the 'Regular Annual Maintenance Contract' amongst which one terminal is reserved for students to search information of availability and issue regarding books. Web based Library Software with 'Web OPAC' email and SMS alert etc. are incorporated in a single window for complete Information about the users along with Circulation Status, Fine Status, Contact Details, Reading & circulation History, report generations. Book database has been created along with the user's database. A book issue and return process is fully automated; manual cards are kept as supporting documents for faculty and students.

Institute library has 16986 books also E- resources (Total Books 20791) and more than 300 (384 prints + 5000 e- journals) national and international journals. The central library has a separate Digital library section, equipped with an adequate number of computers. The Library provides the access facility to the pool of e-books and open access e- resources in the field of Engineering and technology. Users can access extensive compilation of e-resources through digital libraries, like;
