Letter To Departmental Advisory Board

Sub-Regarding Permission & Approval of Value Added Program

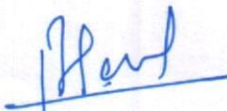

Respected Dignitaries,

We are glad to inform you that as discussed in previous meeting the Department of Mechanical Engineering is planning to organize Value Added Program on Solidworks under the courses Machine Design in A.Y 2023-24. We always try to update our students to improve their skills and knowledge and prepare them for industry. For this, the department has developed strong relation between industry and academics.

We are motivated to sculpt dynamic professionals within our students by enabling them to understand & develop application oriented knowledge. This value added program will impart the students to go beyond academics to inculcate lateral thinking and innovative approach which enables them to efficiently & effectively towards society.

We are requesting for the permission of above event & also grant the syllabus as attached further.

Thanking You,

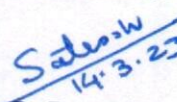

Prof. R. S. Powar
Convener

Prof. K. K. Sahasrabudhe

Subject: Invitation as an expert/resource person for Five days Value Added Program on Solidworks

Respected Sir,

On behalf of D.Y. Patil Technical Campus, (Department of Mechanical Engineering) Talsande, we would like to invite you as a resource person for five days Value Added Program on Solidworks from 20/01/2024

Your expertise and experience will be an excellent addition for development of our students as well as faculties. We will look forward for hearing and learning from your experience. This course will definitely boost the knowledge and designing skills of students.

We look forward to your positive response.

Thanking You.

ATTENDANCE CERTIFICATE

To,

Mr. Mahesh Deshmukh,

MSME Technology Development Center

Thank you very much for delivering an informative & provoking one week course as a resource person on Solidworks held in Department of Mechanical Engineering from 20/01/2024 to 02/03/2024 at DYPTC, Talsande.

It was really a informative and splendid course which exposed student to become creative and exploring their innovative ideas. The students appreciated the Program & got benefited from your views on the course. This Program has developed practical approach of design which will definitely fruitful in their career.

D. Y. PATIL TECHNICAL CAMPUS

FACULTY OF ENGINEERING & FACULTY OF MANAGEMENT, TALSANDE

DEPARTMENT OF MECHANICAL ENGINEERING

Date: 02-03-2024

To,

Mr. Mahesh Deshmukh,

MSME Technology Development Center

Subject- Thanking letter for Value Adding Program at D. Y. Patil Technical Campus, Talsande

Dear Sir,

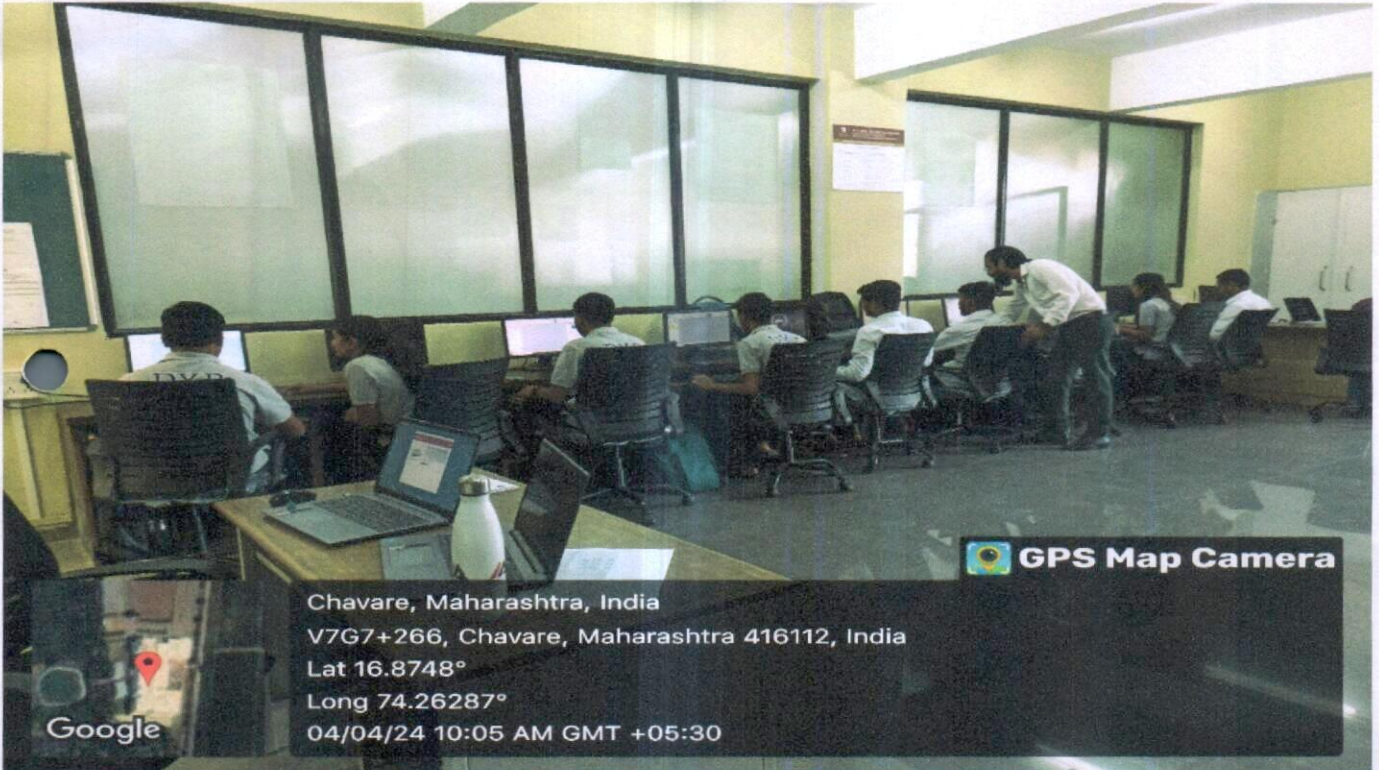

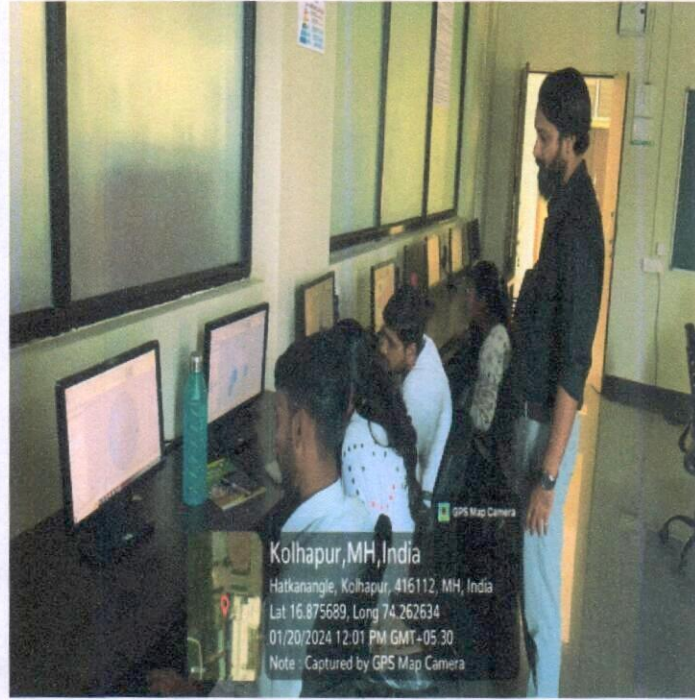

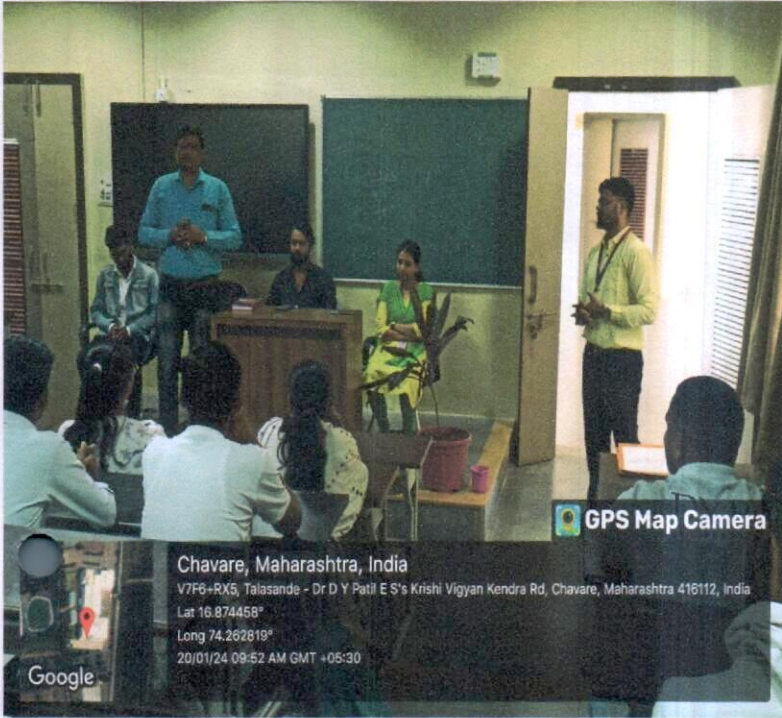

It was a great experience to listen from your team and learn various designing skills from Practical Sessions under the Value Added Program. I take this opportunity to thank you on behalf of our entire administration and students who were inspired by your Program. The session actually added lot of knowledge of students and Practical approach of Design as well.

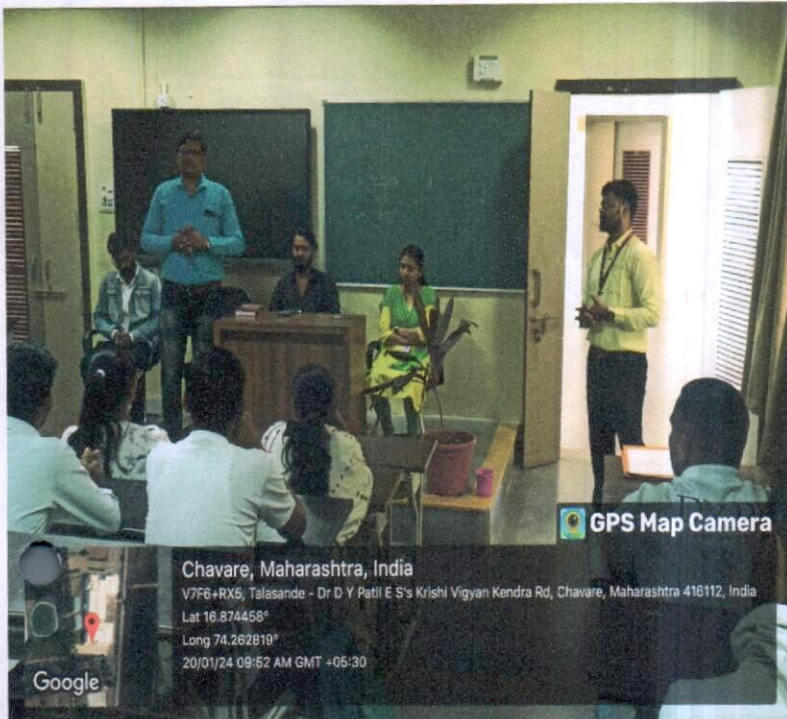

I am extremely grateful to you to touch on the subject Machine Design, Machine Drawing in Mechanical engineering in your speech and create so much awareness regarding the same. It would be our immense pleasure to invite you once more to spread awareness in Mechanical Design Field & concerning job opportunities.

Thank you once again.

Dr. S. R. Pawaskar

Letter To Departmental Advisory Board

Sub-Regarding Permission & Approval of Value Added Program

Respected Dignitaries,

We are glad to inform you that as discussed in previous meeting the Department of Mechanical Engineering is planning to organize Value Added Program on ANSYS under the courses Machine Design & Finite Element Analysis in A.Y 2023-24. We always try to update our students to improve their skills and knowledge and prepare them for industry. For this, the department has developed strong relation between industry and academics.

We are motivated to sculpt dynamic professionals within our students by enabling them to understand & develop application oriented knowledge. This value added program will impart the students to go beyond academics to inculcate lateral thinking and innovative approach which enables them to efficiently & effectively towards society.

We are requesting for the permission of above event & also grant the syllabus as attached further.

Thanking You,

Subject: Invitation as an expert/resource person for Five days Value Added Program on ANSYS

Respected Sir,

On behalf of D.Y. Patil Technical Campus, (Department of Mechanical Engineering) Talsande, we would like to invite you as a resource person for five days Value Added Program on ANSYS from 05/01/2024

Your expertise and experience will be an excellent addition for development of our students as well as faculties. We will look forward for hearing and learning from your experience. This course will definitely boost the knowledge and designing skills of students.

We look forward to your positive response.

Thanking You.

Subject- Thanking letter for Value Adding Program at D. Y. Patil Technical Campus, Talsande

Dear Sir,

It was a great experience to listen from your team and learn various designing skills from Practical Sessions under the Value Added Program. I take this opportunity to thank you on behalf of our entire administration and students who were inspired by your Program. The session actually added lot of knowledge of students and Practical approach of Design as well.

I am extremely grateful to you to touch on the subject Machine Design, Machine Drawing in Mechanical engineering in your speech and create so much awareness regarding the same. It would be our immense pleasure to invite you once more to spread awareness in Mechanical Design Field & concerning job opportunities.

Thank you once again.

ATTENDANCE CERTIFICATE

To,
Mr. Dhawal Bagawade
Cadd Centre,
Kolhapur.

Thank you very much for delivering an informative & provoking one week course as a resource person on Ansys held in Department of Mechanical Engineering from 05/01/2024 to 02/02/2024 at DYPTC, Talsande.

It was really a informative and splendid course which exposed student to become creative and exploring their innovative ideas. The students appreciated the Program & got benefited from your views on the course. This Program has developed practical approach of design which will definitely fruitful in their career.
