Guest Lecture on “Career Guidance on Financial Literacy motivational & Educational” for First-Year Engineering Students

Date: April 19, 2025

Time: 11:00 AM – 12:00 PM

Venue: Online ZOOM platform

Organized by: Department of First Year Engineering

Target Audience: First-Year B. Tech Students

Highlights :

A special lecture on “**Career Guidance on Financial Literacy – Motivational & Educational**” was conducted for first-year engineering students to raise awareness about managing personal finances effectively from an early age. The session, led by **Mrs. Mayuri Raut**, a Certified Financial Planner from *Excellence Global Skills*, focused on empowering students with essential financial knowledge and habits crucial for long-term success.

The session emphasized the importance of **financial freedom, discipline, and goal setting**, with interactive discussions and practical tips tailored for students. An engaging **Q&A session** addressed common concerns like loans and online earnings.

Conclusion

The “**Career Guidance on Financial Literacy motivational & Educational**” lecture was a great success in raising awareness about personal finance among engineering freshmen. By encouraging them to take control of their financial habits early, the session laid the foundation for a future generation of financially responsible professionals.
