

# **Guest Lecture on “Universal Human Values (UHV) and environmental concerns”**

**Date:** 18-19 September 2024

**Location:** Lecture hall no 120

**Organizer:** D. Y. Patil Technical Campus Talsande.

## **Highlights:**

An awareness program was organized to educate students about **Universal Human Values (UHV)** and **environmental concerns**, aiming to foster responsibility and proactive behavior among participants.

## **Key Objectives:**

- Educate students on UHV and pressing environmental issues
- Encourage participation in eco-friendly and community activities
- Provide practical solutions and resources for sustainable living

## **Activities Conducted:**

- **Workshops** led by experts
- **Presentations** on UHV and environmental awareness
- **Interactive Q&A sessions** to promote engagement

## **Conclusion**

The awareness program related to environmental issues and UHV successfully met its objectives, fostering greater understanding and encouraging proactive community involvement. Future programs are recommended to build on this momentum and address additional related topics.
